

Under the Balance Billing Protection Act, insurers are required to tell you which providers, hospitals and facilities are in their networks. Additionally, hospitals, providers and facilities are required to inform patients and consumers about provider networks they participate in. In compliance with the act, Samaritan Healthcare makes every effort to eliminate 'surprise' or balance' billing. Below is a list of provider networks Samaritan Healthcare is currently in contract with, as well as a link to network information for each payor. These are referred to as 'in-network insurance carriers'.

Please call the Financial Access Department at (509)793-9766 with any questions you may have regarding out-of-pocket costs.
